

Director, Gibbs Cancer Center
Spartanburg Regional Healthcare System
Spartanburg, SC

Cejka Executive Search has been exclusively retained to lead the search for a Director of the nationally recognized Gibbs Cancer Center. Gibbs Cancer Center, a member of Spartanburg Regional Healthcare System in Spartanburg, SC, opened its doors in 1999 and in 12 years has achieved the CoC Comprehensive Community Cancer Center Outstanding Achievement Award, NAPBC accreditation and Breast Center of Excellence award. The Gibbs Cancer Center is a host affiliate of the M.D. Anderson Physicians Network. As one of 16 cancer programs of the National Cancer Institute Community Cancer Centers Program (NCCCP), Gibbs Cancer Center has expanded its clinical trials (>120), reduced disparities in cancer health and is collecting, storing and sharing tissue and blood samples for research.

The new Director will have the rare opportunity to lead the Gibbs Cancer Center into the future, providing the vision, leadership, direction and oversight of the Center. New clinical cancer programs, expanded research activities and recruitment of new noted physicians in hematology, oncology and radiation oncology will be the focus of the new Director.

Candidates for Director must have a successful leadership experience as a Chair, Chief or similar position in a recognized cancer program or NCI designated cancer center. In addition candidates must possess a track record of extramural funded research, peer reviewed publications and have highly respected clinical skills. The ability to lead and build a large center, working effectively with a multi-disciplinary group of clinicians and staff in a medical center setting is required. This position requires a dynamic and collaborative leadership style with excellent organizational and communication skills. The ability to describe the Center's vision to all audiences and interpersonal relations to enable and cultivate strong community, business and other external relationships is essential.

The Director will be an MD or MD/PhD and be board certified in medical, surgical or radiation oncology with the ability to obtain a South Carolina medical license. ID#142841SF.

Qualified candidates and nominees should contact and submit their CV to:
