

Grand Rapids: Executive Director, Lacks Cancer Center (LCC), Saint Mary's Health Care (SMHC), a member of Trinity Health (Novi, Mich.). LCC, Western Michigan's only fully integrated cancer care program, is seeking an experienced oncology program executive to lead the center to the next level of growth and recognition. Reporting to SMHC's CEO, the ED will help leverage the center's outstanding reputation for patient-centered, clinically excellent care in order to further refine its strategy, operations, and profile as a regional destination for the diagnosis and treatment of oncological diseases. In addition to its holistic clinical care services, the LCC also participates in Phase I clinical trials and was ranked by NIH as a Top 30 program. SMHC also serves as a teaching site for several residents, fellows, and medical students through the new Michigan State University medical school program based in Grand Rapids. Candidates must possess at least ten years of increasing responsibility over strategic, operational, and financial management of a hospital-based or freestanding cancer center. M.B.A., M.H.A., M.P.H., or other relevant discipline is preferred. Confidential inquiries may be directed to Kari Donovan at [SMLCC@Furstgroup.com](mailto:SMLCC@Furstgroup.com).
