Resources: ACE members have access to industry research, reference materials, content expert database, annual meeting presentations, and more. Many of these resources are available online to current members.

Member-Get-A-Member Campaign

The Membership Recruitment Campaign is off to a great start, currently 15% of our membership have recruited at least one (1) member. The campaign is aimed toward our continued goal of making ACE the recognized pre-eminent organization for those in or aspiring to leadership roles in the delivery of cancer care.

Here's how it works:

- If you know of someone who will benefit from being a member of ACE, complete the "recruited by" area and give it to the potential member.
- When the new membership application is received in the ACE office, the ACE member who "recruited" the new member will receive a discount coupon towards \$25.00 off their 2006 ACE membership dues (only one certificate per ACE member). For every 10 new "recruits", the ACE member will receive free registration to the next ACE Annual Meeting.
- As an added benefit, if both the ACE member and their recruit attend the next Annual Meeting, both will receive \$100.00 of their annual meeting registrations!

Physician Director Campaign

The Physician Director membership has been designated to encourage existing ACE members to expand their positive working relationships with their Medical Directors and offer exposure to our unique ACE program and member services! The Physician Director registration category will be reduced to \$150.00 a year for physician members and for the referring ACE member to encourage and support this collaboration.
