

DIRECTOR OF ONCOLOGY SERVICES

Good Samaritan Hospital, Vincennes, Indiana is seeking an experienced Director of Oncology Services to direct all aspects of cancer programming and coordinate all inpatient and outpatient services. Director will analyze cost, productivity, trends and track data for further development purposes. The Director will work in collaboration with all departments to coordinate the overall cancer program as a single product.

Qualified candidates should possess clinical oncology experience through nursing or other allied health field. Bachelor's degree in Nursing, Allied Health or Business is required. Master's degree is preferred. Minimum of five years oncology experience in hospital or clinic setting with at least two years in a management capacity.

GSH is a Magnet designated, progressive 232 bed hospital in an historic, small town setting offering a wide range of services to a nine county area with a population of 200,000. We offer competitive salaries and excellent benefits including health and dental insurance, short and long term disability insurance, paid time off benefits, employee gainshare plan, tuition assistance, generous 100% hospital-paid retirement income plan and more.
