

Position title: Executive Director, Oncology Service Line
Company Name: Vista Health System
Location: Waukegan, IL

COMPANY OVERVIEW

Come grow with us!

Vista Health System is a network of two hospitals, and numerous outpatient and physician practice locations throughout Lake County. With plans to build a 3rd Hospital in Lindenhurst, IL, our vision is to provide the highest quality healthcare for Lake County, IL and Southern Wisconsin. Although our system has grown over time, our hospitals have been part of Lake County, IL for almost 100 years. Please visit our website for more information about our growth and progress at www.vistahealth.com.

ONCOLOGY SERVICE LINE

As we grow, we are focusing our strategy towards building a best in class Cancer Program, and we are searching for an **Executive Director** to lead our vision and goals for this program. We are excited to announce a significant opportunity for the professional interested in assuming a pivotal leadership role related to providing inpatient, outpatient, research, supportive care and administrative oversight within the oncology service line.

We are pursuing the development of an integrated, economically viable and regionally focused cancer care program. One of the planned features of this cancer program will be the establishment of an easily accessible and highly identifiable outpatient cancer center facility to be located on the campus of Vista's outpatient surgery center and breast center and as part of a planned medical office building on the site. The new cancer center will feature radiation oncology and medical oncology services, physician consultation offices, clinical research, supportive care services, patient navigation services and administrative services as appropriate. Additionally, it is envisioned that unique organ site programs will be developed to expand and complement existing hospital services and regional cancer resources.

JOB OVERVIEW

The Oncology Service Line Executive Director will work directly with the appointed Medical Director(s) and in collaboration with other members of the management team and medical staff in the performance of strategic planning activities and developing programs and initiatives to satisfy the needs of oncology inpatients and outpatients and referring physicians throughout the region. The Executive Director will coordinate the overall oncology service line as a single comprehensive service, with a collaborative/liaison relationship to other Vista Health System directors, as appropriate. This position reports directly to the Chief Executive Officer of Vista Health System.

JOB REQUIREMENTS

Qualified candidates will possess a Master's degree in Business Administration, with at

least five years of active administrative/management experience in the healthcare environment, inclusive of budgeting, marketing and program development exposure. Candidate must have broad and intensive knowledge of hospital administration and allied health and must be very knowledgeable about the clinical needs of the cancer patient and his/her family. Two to three years of cancer program management experience highly preferred.

COMPANY CULTURE & BENEFITS OVERVIEW

Working at Vista Health System is special. Whether it is our "hello principle" or our "elevator etiquette" you will find that we provide a positive, caring and patient focused environment. Our operating practices and core standards of behavior (attitude, communication, ownership, commitment to co-workers, and prompt response) create our culture and guide our journey to excellence. Working within such a supportive system allows our staff to use their talents to the fullest. Besides our culture, we offer a competitive salary and benefits packages.

HOW TO APPLY

To apply, you may email your resume to Vista_Jobs@chs.net. **Please specify "Oncology Service Line Executive Director" in the subject line.**

Vista Health System promotes a drug-free and smoke-free environment.
