

Located in Suburban Kansas City, AdventHealth Shawnee Mission, an affiliate of MD Anderson's Certified Member Network, is searching for a **Genetic Counsellor** to join our dedicated team of cancer professionals.

The Cancer Center at AdventHealth Shawnee Mission opened in 2014. Our team today consists of Medical and Radiation Oncology, Gynecology-Oncology Surgeons, and other specialists all working together to create an individualized treatment plan for each patient. Our Cancer Center offers comprehensive cancer care within one building. The Cancer program has on-site radiation, an infusion center, and a PET/CT scanner that provides advanced imaging and treatment planning.

We believe patient care is best delivered in a multidisciplinary approach. Our team works closely with our dedicated pathologists, pharmacists, psychologists, social workers, and genetic counselors. This collaboration allows for following best practice and delivering quality care to our patients. There are weekly multidisciplinary tumor conferences and frequent interactions with MD Anderson physicians to further enhance patient care and outcomes.

The ideal candidate should have a minimum of 2 years of oncology specific genetic counselling, and will need to be able to work in a busy, fast paced environment. The candidate should be board certified or board eligible.

About AdventHealth Shawnee Mission

AdventHealth Shawnee Mission, is a 504-bed facility. AHSM has 20,000 inpatient admissions and more than 200,000 outpatient admissions annually. AHSM has the busiest emergency department in Johnson County, the area's first accredited Chest Pain Emergency Center and a nationally recognized Center for Women's Health. AHSM delivers more babies each year than any other hospital in the metropolitan area. AHSM employs nearly 3,000 residents and supports an exceptional staff of 700 physicians, representing 50 medical specialties, the largest medical staff in Kansas City.
